ABOUT US

Perf Equine is an equestrian lifestyle brand that brings together functional design, everyday practicality and refined equestrian style. Aligned with the needs and preferences of the UK market, our identity and product range reflect the real demands of riders and rural life today.

Designed with Purpose

The Perf Equine range has been created by real equestrian people who live and work around horses every day. Every rug has been designed with practical experience in mind, focusing on the small details that horse owners and riders often find frustrating with traditional rugs.

From improved fit and comfort to practical fastening systems and uniquely stylish hardware, every feature has been carefully considered to make daily use easier, more reliable, and more comfortable for the horse.

Product Trials

We have worked extensively on both the fit and overall look of the range, trialling rugs on a wide variety of horses to help ensure the best possible fit across different shapes and sizes. The result is a collection that combines practicality, quality, comfort, and heritage styling.

At Perf Equine, we believe great rugs should not only look smart, but also perform properly day after day — giving horse owners confidence that their horses are protected, comfortable, and well presented in every season.

Commitment to Our Customers

Our commitment is simple: to exceed customer expectations through well-made products and dependable, responsive service. As we continue to evolve, Perf Equine remains dedicated to delivering equestrian essentials that support the way you work, ride and live.

Perf Equine is a brand developed and distributed by Performance Brands. All product enquiries, stock availability requests and order-related questions are handled by the Performance Brands team.

Country Heritage Range

Our Country Heritage Collection has been carefully curated to create a timeless and sophisticated range with a premium look for the equestrian market. Inspired by today's fashion and trends, each colour has been selected to complement the next, creating a cohesive range of rich earthy and deep heritage tones that will never go out of fashion.

Colour with Purpose

As the rug weights increase, the colour palette gradually deepens, allowing owners and yard staff to instantly recognise each style, while maintaining a beautifully coordinated collection.

Effortless Identification

To complement this unique system, every rug is fitted with our signature gusset identification badge. Positioned for easy visibility, the badge clearly displays both the rug size and weight, allowing immediate identification without unfolding the rug or searching for the internal label.

Everyday Practicality

Together, the graduated colour system and gusset identification badge provide a simple yet highly effective solution for everyday rug management, saving time, reducing confusion, and ensuring the correct rug is selected for every horse in any weather conditions.

Rather than following short lived seasonal trends, our Country Heritage Collection has been created to stand the test of time. It brings together classic country styling with innovation, offering retailers and customers something genuinely different in the marketplace - a range that is practical, beautifully coordinated, and instantly recognisable as one distinctive collection.

Benefits

- Progressive colour ways that become darker as the rug weight increases.
- Instant visual recognition of which rug it is
- Signature gusset badge displaying both rug size and weight
- Ideal for busy yards, shared tack rooms, and multiple horse owners.
- Combines intelligent functionality with a coordinated premium aesthetics across the entire collection.

KEY FEATURES

Adjustable Fit

Designed with versatility, comfort, and practicality at its core, our fully adjustable front chest fastenings offer a great fit for horses and ponies of all shapes and sizes.

The extended adjustment range on our turnout rugs, provides generous flexibility, allowing the rug to be tailored precisely to the broader chests, narrower frames, growing youngsters or horses whose condition naturally change throughout the year. With multiple eyelets, owners also have a choice of D-ring attachments, owners can make fine adjustments to achieve the perfect fit without compromising on comfort.

The easy-to-use front clip and buckle fastening makes fitting and removing rugs quick and simple.

For owners who prefer a more traditional fastening method, the clip can simply be omitted, allowing the buckle and strap to be used independently.

To improve freedom of movement the front closure is complemented by a shoulder gusset. This allows the shoulders to move naturally during grazing, rolling, and for when the horse is on the move, reducing pressure across the chest and helping to prevent rubbing. The gusset works in harmony with the adjustable chest straps to create a rug that moves with the horse rather than restricting movement.

Key Benefits

- Extensive adjustment to accommodate a wide variety of horse and pony shapes.
- Ideal for horses whose weight or muscle condition changes throughout the seasons
- Easy use front clip and buckle system for quick convenient fastening.
- Can be used with or without front clip on the turnout rugs.
- Reduces pressure points and helps minimise rubbing
- Gussets designed to improve complete freedom of movement.
- Helps achieve a balanced secure fit across the chest.

KEY FEATURES

Engineered Neck Panel

Our uniquely engineered lower neck panel has been specially designed to enhance your horse's comfort where it matters. Positioned at the base of the neck, this innovative panel follows the horse's natural movement, helping to distribute pressure evenly across the shoulders and lower neck rather than a smaller surface area.

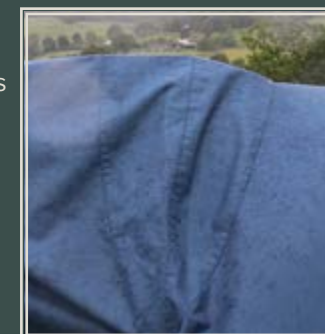

Unlike traditional rug designs, our ergonomic panel allows greater freedom of movement while grazing and moving around the field. By reducing restriction across the lower neck, it enables a more natural range of motion improving overall comfort throughout the day for your horse.

The carefully contoured construction also helps minimise rubbing and pressure on the lower part of the mane reducing the risk of mane loss often caused by prolonged wear. This makes it particularly beneficial for horses spending extended periods in their rugs and those who have suffered from mane loss in the past.

Key Benefits:

- Reduces pressure across the lower neck
- Exclusive lower neck panel design
- Helps minimise mane rubbing and hair loss
- Enhances comfort

Flat-Edged Safety Clips

Our exclusive flat-edge clip has been designed with both horse safety and everyday practicality at its core. Unlike traditional clips with protruding edges or exposed hooks, this innovative low profile design and smooth, rounded contours, helps minimise the risk of snagging on fencing, hay nets, stable fittings, gates, or other yard equipment.

The streamlined construction reduces potential catch points, making it a safer choice for horses that are active in the field or stable. By lowering the chance of the clip becoming caught, it helps reduce the risk of unnecessary accidents and damage to both horse or equipment.

Designed for effortless operation, the push-release mechanism allows the clip to be opened and secured quickly using one hand if required. Its smooth, reliable action makes fastening and removing rugs simple, while providing a secure hold you can depend on every day.

Manufactured from zinc for its superior strength, durability, and corrosion resistance, the clip ensures dependable performance in all weather conditions. To complete, each clip is finished off in an elegant antique brass-effect coating, delivering the country heritage feel to coincide with our county heritage theme.

Benefits

- Flat-edge profile helps reduce snagging and potential accidents
- Smooth, rounded design minimises catch points
- Easy push-release mechanism
- Antique brass-effect finish for a premium appearance

Perf 100g Turnout Rug Combo Neck - True Navy

About this Rug

A 100g insulated combo turnout rug with an engineered neck, providing dependable protection and medium warmth for year-round use. Waterproof, breathable, and durable 600D ripstop fabric, with 100g insulation, it is designed to keep your horse comfortable in cooler conditions. Developed for freedom of movement, with shoulder gussets, adjustable front clip straps, and an engineered neck design for extra room and comfort. This allows natural stretching for your horse or pony to graze, without restriction. Complete with our practical weight and size badge above the gusset, allowing for quick and easy rug identification.

Key Features

Perf 100g Stable Rug Standard Neck - Dark Navy

About this Rug

This 100g quilted lightweight stable rug is perfect for mid season, or as an extra layer during winter. The nylon lining reduces friction and rubbing, helping to protect the coat and enhance shine, while a fleece wither pad adds comfort and reduces rubbing. Twin buckle fastenings provide maximum fitting to all shapes and sizes. Channel quilted panels maintain warmth, making this a versatile rug suitable for use all throughout the year. Designed with practicality in mind, our weight and size badge above the gusset, provides instant identification to each rug.

Key Features

- Mid lightweight filling
- Fleece wither pad to reduce any pressure points and to avoid any rubbing
- Suitable for stable use and layering
- Twin adjustable front buckle straps
- Twin Cross over surcingles
- Fillet strap included
- Shoulder gusset
- Weight & size embroidered on gusset

Perf Leg Straps - Navy Pack of 2

About

Perf Equine leg straps are fully adjustable and manufactured from durable, hard-wearing materials, featuring corrosion-resistant, flat-edged safety clips.

The fully removable design gives owners the freedom to choose how they use their rugs. Some horses benefit from the added security of leg straps while others may be more comfortable, and less prone to accidents, without them.

The straps can be fitted or removed in seconds, allowing the rug to be quickly adapted to changing situations.

Supplied as a pair, our removable leg straps are fully compatible with all Perf Equine turnout rugs. They are ideal as an additional accessory, a replacement set, or a convenient spare to keep on hand when needed.

Size range:

One size - adjustable

Retail Pricing:

RRP £7.20

MERCHANDISING

Retailer-Friendly Packaging

Each Perf Equine rug is supplied in a durable storage bag with a clear front panel, allowing customers to easily view the product without removing it from the packaging.

A barcoded cardboard tag remains attached to the rug, making it easy to identify the product when rugs are removed from their bags for display.

The reusable storage bag provides customers with a practical way to store and transport their rug after purchase, while also offering retailers a convenient merchandising solution when display space is limited, keeping stock protected, organised and easy to browse.

Perf Equine Rug Display Stand

About

Showcase the Perf Equine Horse Rugs with this premium retail display stand. Designed to hold four 4ft6 horse rugs, it provides an attractive and organised way to present the range.

Constructed from a sturdy, stainless steel, powder-coated frame, the stand is purpose-built to support the weight of multiple rugs. Finished with eye-catching branded header and side panels, it creates a professional, high-impact display that is ideal for equestrian retailers.

Please note: four horse rugs, in the retailer's preferred style, must be purchased separately with the display stand.

Stand dimensions: 94cm (w) x 198cm (h) x 60cm (d)

MERCHANDISING

Perf Equine Roller Banner

A classic pull-up roller banner showcasing the Perf Equine Horse Rug Collection. Quick and easy to assemble, it creates maximum visual impact while taking up minimal floor space. Supplied with a slimline carry bag for convenient storage and transport.

Dimensions: 200cm x 80cm

Small: 2m x 40cm

Large: 3m x 1m

Perf Equine PVC Banners

High-quality PVC banners featuring two striking Perf Equine designs, available in 2m and 3m widths. Suitable for indoor or outdoor use, they're ideal for creating impactful retail displays and event branding.

Perf Equine A2 Printed Display Card

A freestanding A2 display card showcasing the Perf Equine Horse Rug Collection. Printed on durable display board with a fold-out strut, it's ideal for retail displays, trade shows and point-of-sale merchandising.

MERCHANDISING

Perf Equine Floor Mat

Rubber-backed, non-slip floor mat featuring Perf Equine branding for indoor or outdoor use. With exceptional print quality and a hard-wearing finish, it's an eye-catching addition to any retail display.

Perf Equine Floor Vinyl

Durable circular floor vinyl stickers featuring Perf Equine branding, available in 30cm and 10cm sizes. An eye-catching way to enhance retail displays and promote the Perf Equine collection in-store.

Perf Equine Foamex Panels

Durable Foamex graphic panels featuring Perf Equine branding, designed to create impactful in-store displays. Ideal for enhancing retail spaces and showcasing the Perf Equine Horse Rug Collection.

GET IN TOUCH

RUG SIZE GUIDE

The chart below provides a general size guide for the Perf Equine rug range (4'6"–7'0").

As horses vary considerably in length, shape, and overall build, even when they are the same height, we recommend measuring your horse to ensure the most accurate fit.

Feet	Inches	CM
4'6"	54"	137
4'9"	57"	145
5'0"	60"	152
5'3"	63"	160
5'6"	66"	168
5'9"	69"	175
6'0"	72"	183
6'3"	75"	191
6'6"	78"	198
6'9"	81"	206
7'0"	84"	213
